

Intercoin

Why having your own
App and Currency
makes a huge difference!

So you've got your own...

Followers on:

Discord

Stop dispersing your audience!

Go from this...

[theirplatform.com/you](#)

You donate your content.
You donate your audience.
They pay you a few pennies.
They promote your competitors.
They can de-platform you anytime.

To this!

[you.com](#)

Now everything links to
your central community hub.
You control your own domain,
data, hosting, and features.
Enjoy direct relationships!

In 2021, Donald Trump was deplatformed from Twitter.

he went on to

Launch his own app

TruthSocial

Launch his own coin

\$TRUMP

In both cases, he invested in a company and hired a team to build his own platform.

Let's help organically grow and monetize your:

Brand

Business

Channel

Movement

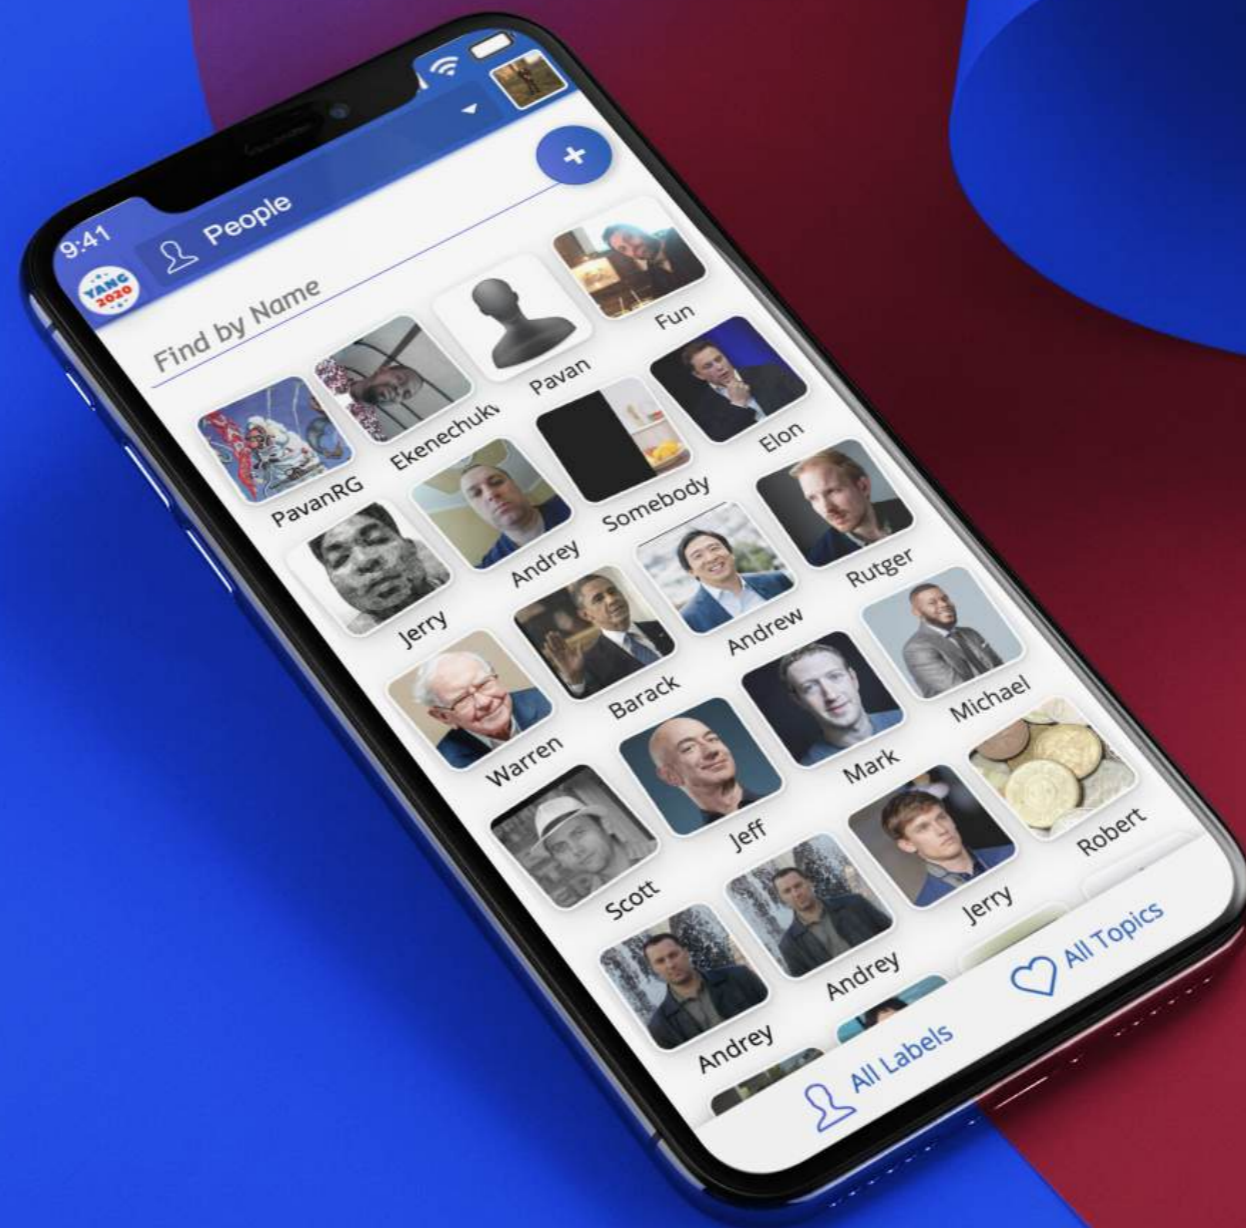

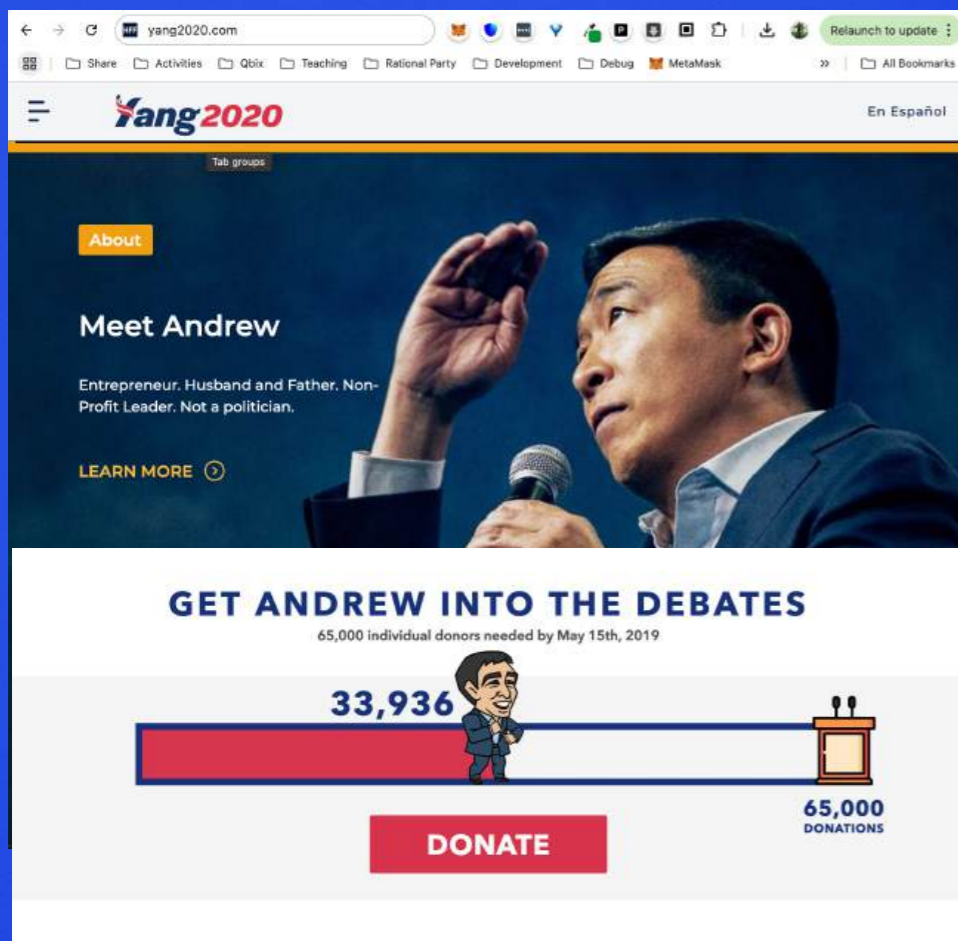

Congregation

Supporters

Campaign

It all starts with having your own website and app:

ALL EVENTS

IN ONE PLACE

BEFORE: GRASSROOTS ORGANIZING

**DURING: PACK THE VENUES
BRING A FRIEND – UNLOCK REWARDS**

AFTER: FOLLOW UP HELP FANS SPREAD THE WORD

Attendees at your events and classes can connect within **your own network**, instead of    ...

Anywhere else your **members** go, they can invite new **guests** into your community, and get **rewarded** growing **your own platform's** value instead of others.

Issuing your currency.
Reward positive actions:

Watch videos or courses.
Answer questionnaires.
Understand much more about the community.

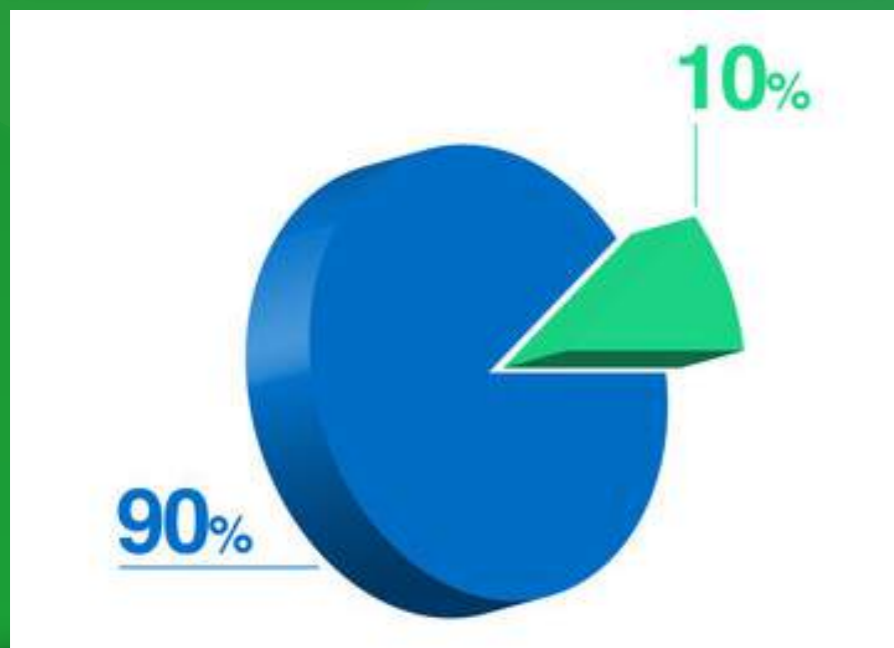

Purchase tickets to events.
Attend the events.
Complete the courses and earn the currency.

Issuing your currency.
Incentives to invite others:

Invite online via a link
Invite in person using QR
Tracking allows the system to know who invited whom.

Now whenever the **invited** person earns or buys coins, those who invited them get **10% commission** from them.

Issuing your currency. Two Levels of commissions

Transferring your currency.
Community economics:

Products bought by coin
Services paid for by coin
Disputes and complaints
are handled internally.

Content posted in community
costs more coins in order to
be shown to more people.
Advertising for example.

Transferring your currency.
Content economics:

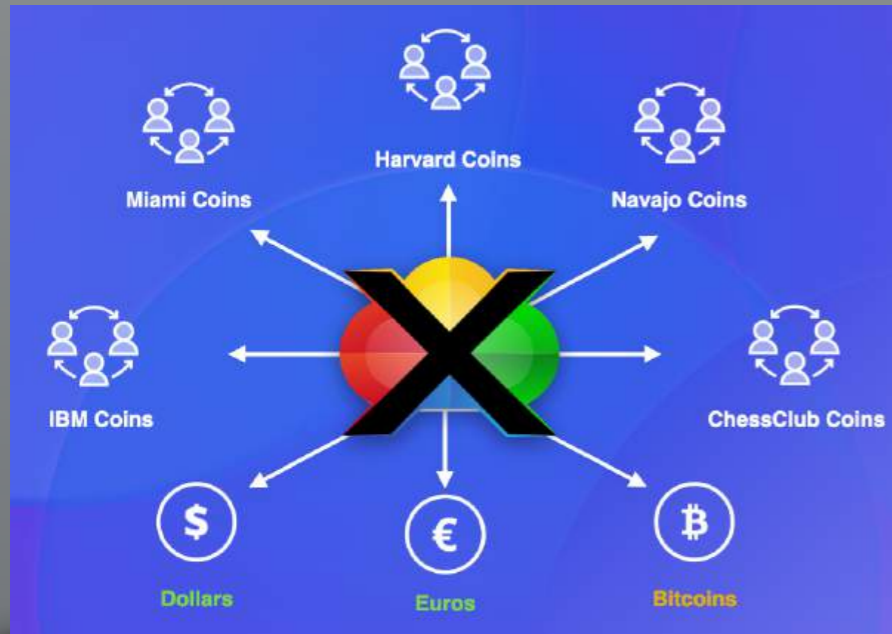

Prediction markets for content helps organically discover the best content in the community.
Shares are bought and sold.

Invest in posts, comments, ads and if they are good, you can get returns in the form of coins.
Payment for products, services.

Forfeiting your currency.
Incentives to invite others:

Redeem your currency for external currencies through the Intercoin network. But before you can cash out,

Tariffs are assessed by the community to encourage keeping balances in local currency & **inviting** others.

Forfeiting your currency.
Monetary and **Fiscal** policy

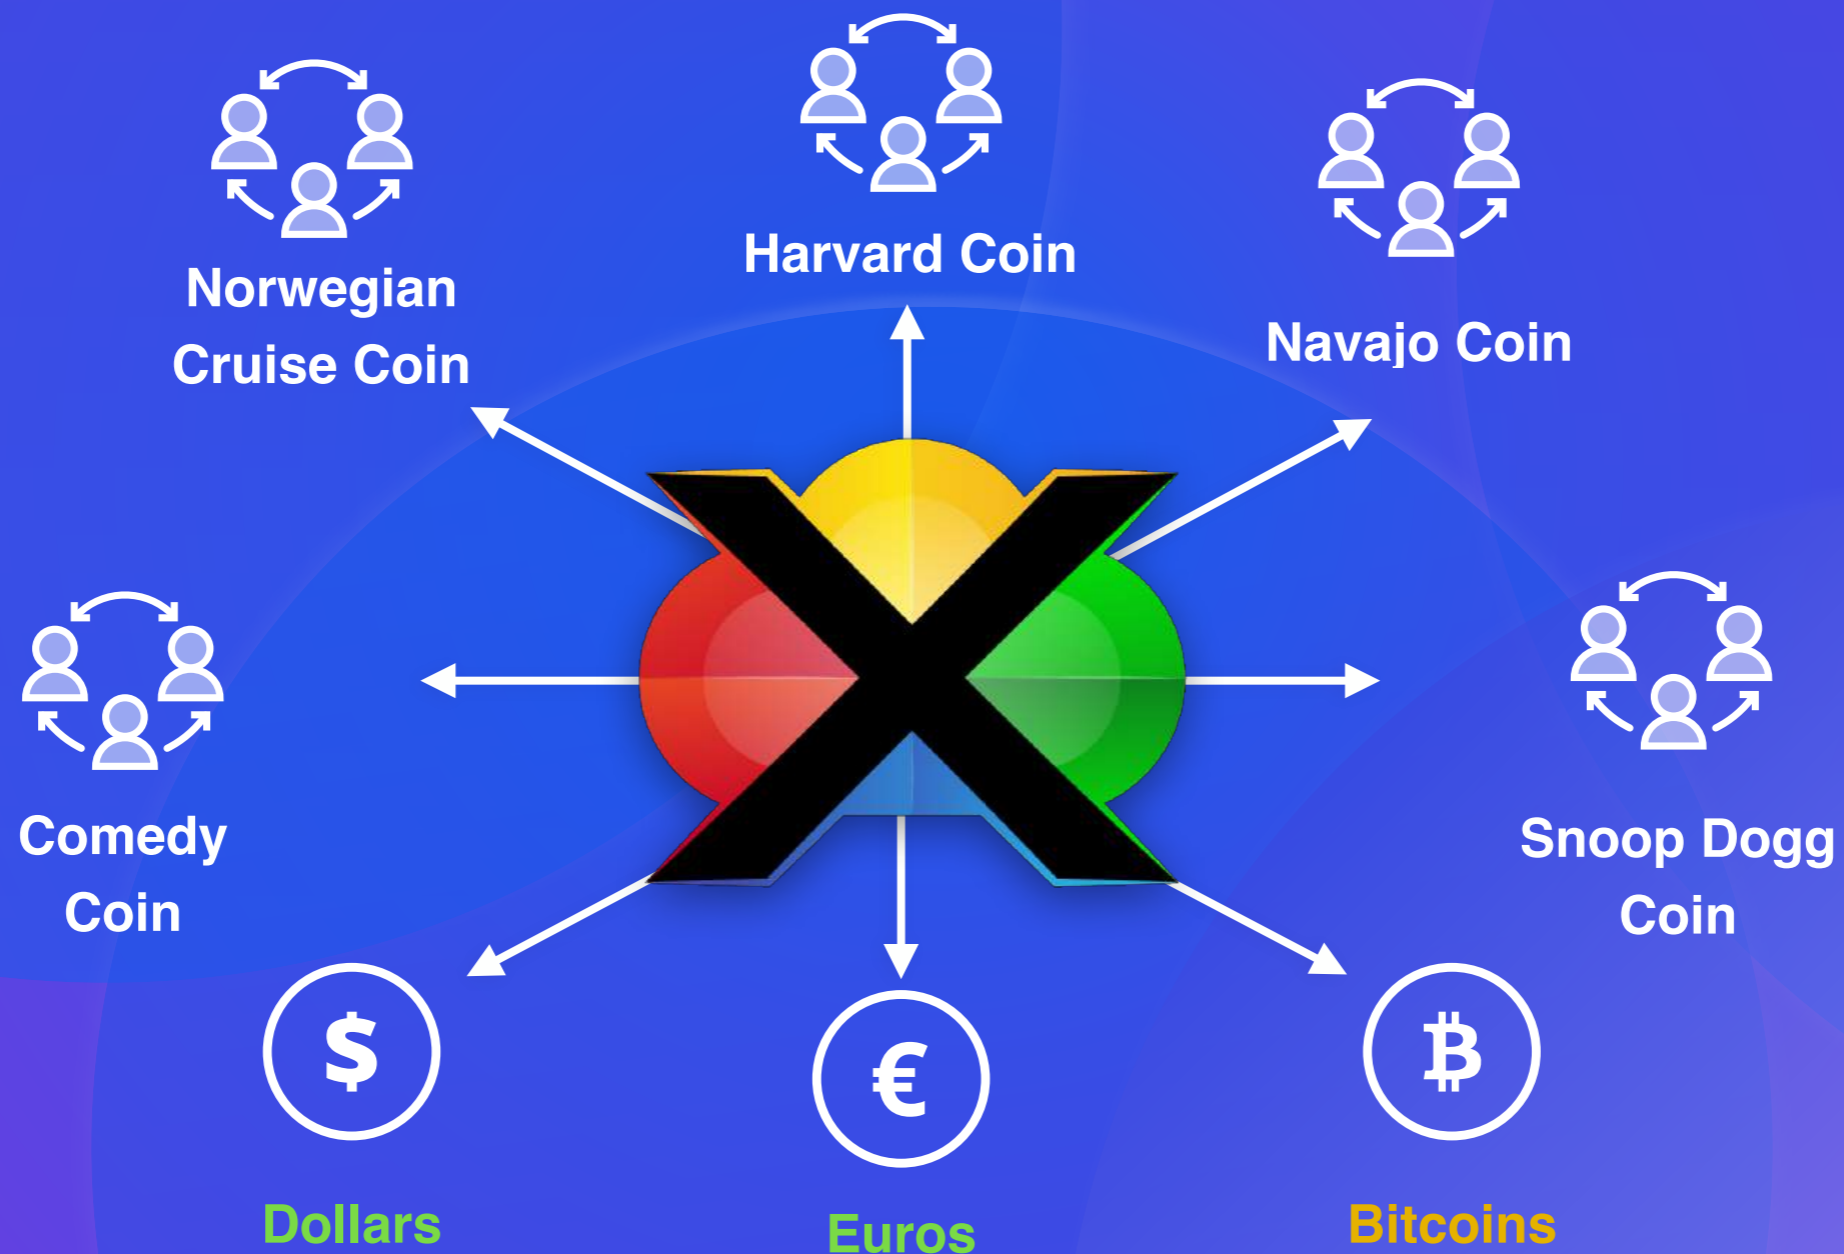

Penalties for breaking rules or promises to others, such as not showing up to group activity or not investing.

Taxes on some transactions based on type of product or service. Used to remove coins from local economy.

**Intercoin is architected like the Internet:
acting as the bridge between local currencies.**

Sound money. Individual choice. True democracy.
